They Stand Alone.

Standing out in bold relief, *all alone*, and as a conspicuous example of open, frank and honest dealing with the sick and afflicted, are Dr. Pierce's Favorite Prescription for weak, over-worked, debilitated, nervous, "run-down," pain-racked women, and Dr. Pierce's Golden Medical Discovery, the famous remedy for weak stomach, indigestion, or dyspepsia, torpid liver, or biliousness, all catarrhal affections whether of the stomach, bowels, kidneys, bladder, nasal passages, throat, bronchia, or other mucous passages, also as an effective remedy for all diseases arising from thin, watery or impure blood, as scrofulous and skin affections.

Each bottle of the above medicines bears upon its wrapper a badge of honesty in the full list of ingredients composing it—*printed in plain English*. This frank and open publicity places these medicines *in a class all by themselves*, and is the best guaranty of their merits. They cannot be classed as patent nor secret medicines for they are neither —*being of known composition*.

Dr. Pierce feels that he can afford to take the afflicted into his full confidence and lay all the ingredients of his medicines freely before them because these ingredients are such as are endorsed and most strongly praised by scores of the most eminent medical writers as cures for the diseases for which these medicines are recommended. Therefore, the afflicted do not have to rely alone upon Dr. Pierce's recommendation as to the curative value of his medicines for certain easily recognized diseases.

A glance at the printed formula on each bottle will show that no alcohol and no harmful or habit-forming drugs enter into Dr. Pierce's medicines, they being wholly compounded of glyceric extracts of the roots of native, American forest plants. These are best and safest for the cure of most lingering, chronic diseases. Dr. R. V. Pierce can be consulted FREE, by addressing him at Buffalo, N. Y., and all communications are regarded as sacredly confidential.

It is as easy to be well as ill—and much more comfortable. Constipation is the cause of many forms of illness. Dr. Pierce's Pleasant Pellets cure constipation. They are tiny, sugar-coated granules. One little "Pellet" is a gentle laxative, two a mild cathartic. All dealers in medicines sell them.

KEEP YOUR HEAD UNCOVERED.

The Constant Wearing of a Hat Propogates Dandruff Germs.

There are many men who wear their hats practically all the time when awake and are blessed with a heavy shock of hair; yet if the scalps of these same men once became infested with dandruff germs, the parasites would multiply all the quicker for lack of air. Baldness would ensue as the final result. Newbro's Herpicide kills these germs and stimulates unhealthy hair to abundant growth. Herpicide is a pleasant hair dressing as well as a dandruff cure and contains not an atom of injurious substance. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

FIGHTING IN RUSSIA.

Bomb throwing and fighting between the troops and the mobs in Bialystok, Russia, continue. The Jews are terror-stricken.

Members of the Douma hold the government responsible for the outrage at Bialystock.

An interpellation was accepted by the Douma yesterday demanding to know who was responsible for the stirring up of religious strife and what measures had been taken to protect the lives and property of Jews.

A parliamentary commission has been sent to Bialystok to investigate the causes of the riot.

The revolt of soldiers continues. The steamer Korea, from Vladivostok, with troops for Odessa, arrived at Port said in tow of a British steamer with the soldiers on the point of mutiny.

Strikes are spreading in Moscow, and elsewhere. Bakers in St. Petersburg propose to strike in a few days.

The peasants in several provinces are seizing lands and the agrarian agitation is daily becoming more serious.

There was more rioting at Bialystok yesterday afternoon. The Jews are terror-stricken.

Semi-official messages from Grodno and Minsk report that the excesses were started again yesterday by the throwing of several bombs. The crowds, according to these dispatches, then opened fire on the police station, to which the troops replied, and there was a constant interchange of shots between Jews in their houses and soldiers in the streets. It is likely that the slaughter of the Jews was continued.

A mob of peasants, armed with clubs, scythes, etc., who had found their way into the city Thursday was participating in the rioting.

A dispatch from Minsk states that the authorities had been fully forewarned of the possibility of trouble Thursday and had recalled a battalion of infantry and several squadrons of cavalry from their summer camp to strengthen the garrison, but without overawing the fomenters of trouble.

The mob last night was plundering and burning the deserted dwellings of Jews. Almost all the Jewish shops are ruined. The Jews who have not fled are being mercilessly harried.

The women are spared, but the men are bludgeoned, stabbed and shot. Firing is heard in many directions. Six thousand Jews are camped in the forests, surrounded by soldiers.

Asquith Assailed by Women.

The women suffrage agitators yesterday carried out their threat to "roast" their ministerial bete noir, Herbert Asquith, chancellor of the exchequer, on the occasion of his delivering a political speech at Northampton.

The demonstration, however, ended in the discomfiture of the agitators after a furious tussle, but the police had eventually to protect Mr. Asquith from the violence of a street mob.

The chancellor had hardly begun his speech when three" suffragettes," Misses Kenny and Billington, and Mrs. Rawood, rose among the crowded seats allotted to women, screaming denunciations at the minister as the chief ministerial opponent of their claims, and making the usual demand for votes.

The audience was instantly in an uproar. The bulk of the audience shouted "Turn them out."

Stewards rushed to remove the women, but the "suffragettes" shrieked above the din and waved flags inscribed "Votes for Women." These were snatched by women around the demonstrators and after a desperate struggle were torn to pieces.

Meanwhile, the stewards reached the disturbers, but they no sooner laid hands on Miss Billington than she drew a short whip from beneath her cloak and lashed wildly at the men's heads and shoulders. Three of them, however, seized her, and, fighting like a tigress, she was bundled down the steps screaming. Her companions remained, shouting.

More men hastened to oust them, and with the help of other women who are not "suffragettes," they were hoisted upon the shoulders of the men and bundled out, struggling and shrieking.

As soon as they were gone, a party of socialists in the body of the hall started an uproar on behalf of the ejected women. It took longer to deal with these, and the uproar and struggle lasted for half an hour.

Mr. Asquith then began to speak again, but he had hardly started when Mrs. Pankhurst, another "suffragette," came to the front of the woman's gallery and started making demands. The audience was less tolerant of her than of her predecessors, and her utterances were drowned in shouts of "Throw her out." The stewards ultimately carried her out like the others.

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store.

Dowie Saw His Corpse.

John Alexander Dowie, testifying in the hearing of the Zion City controversy by Judge Landis' Court in Chicago yesterday afternoon, told of an instance when his body and soul became separated and in his spiritual being he distinctly saw his own dead body lying beneath a shroud. It occurred, he said, while he was fighting the liquor traffic in Melbourne and was regarded by him as a divine warning that he was about to die At another time, the witness asserted, his spirit left his body and the Angel Gabriel and the Virgin Mary were present in the realm visited by his spirit.

Following the vision, the witness continued, two acquaintances came to him and told him they had dreamed that he was to be assassinated. Then, while alone in the tabernacle, came a voice warning him to "arise and go." "I went," said Dowie. "and while on my way home I heard an explosion. The next day I found that my enemies had tried to kill me with dynamite. The back of the Tabernacle had been wrecked."

Dowie denied in the course of the examination that he had ever represented himself as Elijah the restorer, subsequently qualifying the statement by saying that he told his people that he "came in the spirit and power of Elijah." On September 18, 1904, he said, he proclaimed himself as "the first apostle," but when pressed for an explanation as to how he received the commission he replied "I can't tell you."

Dowie declared that he had received a direct command from God on one occasion when he held a meeting of 4,000 persons who had been cured of disease. The voice repeated three times the words "Go forward."

Men's Union Suits.

Unquestionably the most all-around satisfactory underwear is the Union Suit. Any man who gets the right kind and make, the correct fit and weight, isn't likely to ever go back to the two-piece kind.

Probably at no time is the Union Suit so entirely satisfying as in summer. In spite of perspiring there is no sensation of pulling down of the drawers or creeping up of the shirt—they assume but one position and remain there until removed.

Our stock is complete and we can fit most men. For men of unusual size or shape we can furnish at a reasonably short notice and small additional cost

Extra Choice Head CAROLINA RICE Just received by J. C. MILBURN.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 16, 1906.

THE BRYAN WAVE seems to gradually gather force, and each day democrats of national notoriety announce their preference for the Nebraskan as the nominee of the party for President two years hence. Several State conventions have already declared for him, and others, it is believed, will follow their example. It is rather too early to say what political conditions will face the country two years hence. New issues are likely to be sprung and dark horses may forge to the front. Free silver, it is generally conceded, will never be a paramount issue in democratic national conventions in future, as that perplexing question was virtually entombed in 1904. With that bone of contention eliminated, Mr. Bryan is acceptable to certain members of the party who since 1896 had disagreed with him on monetary affairs. But there is another and more important reason why life-long democrats are again turning their eyes on Mr. Bryan. It is a well-known fact that certain men are aspiring to the presidency who are anxious to ride into the office on the socialistic platform. The Nebraskan has never contracted this distemper, and in order to sidetrack this growing craze, conservative democrats prefer Mr. Bryan to youthful patriarchs who are appealing to irresponsible champions of political economy for votes for the highest office within the gift of the people.

THE explosion Thursday morning on the Red Star steamer Haverford at Liverpool and the killing of nine men and the injury of forty others has again caused anxiety to people whose business or inclinations lead them to cross the ocean. There is reason to believe that the explosion was caused by an infernal machine which had been placed by some fiend among the liners freight. In recent years several incidents have occurred which tends to show that malicious people in order to manifest resentment to steamship companies or governments whose flag the vessels fly have resorted to this species of crime and imperilled the lives of many innocent people. There are naturally enough dangers on the sea, but none more to be dreaded than infernal machines.

THOUSANDS of people in Middletown, N. Y., were frightened Wednesday by the appearance of an immense luminous ring which encircled the sun from 10:30 until after mid-day. Many believed it indicated that the end of the world had come. Their tears were increased by the recollection that it was the thirteenth day of the month, and for some time people hurried hither and thither and telephones were kept ringing in an effort to ascertain what approaching catastrophe was indicated by the phenomenon. Local astronomers were consulted and teachers in the public schools were importuned, and all who were supposed to be posted regarding the heavens were called upon to express their opinions as to the probable outcome of the strange appearance.

THIS is supposedly a humane age, when kindness, mercy and tenderness are taught and when the deeds of the humanitarian are extolled, but notwithstanding this the House committee on interstate and foreign commerce yesterday authorized a favorable report on the bill which has already passed the Senate, extending from 28 to 30 hours the period during which cattle in transit may be kept without water, food or rest! This appears to be brutal and out of all keeping with these enlightened times.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, June 16.

The President, it is said, will get all he demands in the matter of amendments to the Wadsworth inspection amendment. The House committee on agriculture, in the absence of Chairman Wadsworth, held an informal meeting today. Representative Adams, of Wisconsin, reported on his conference of last night with the President. It is clearly the disposition of the committee to yield to the President, so far as elimination of the court review provision is concerned, also in eliminating the provision suspending the civil service rules. Speaker Cannon is perfectly willing that this shall be done. The two amendments in question are held to be the only important ones, the others being questions of phraseology merely. The President no longer insists that the cost be borne by the packers. In fact, he told Adams that the more he thinks of it, the better he thinks of the suggestion that the government should stand the cost The President's reply to Wadsworth's letter quickly became known in the House, today. Speaker Cannon read it, so did members of the agricultural committee. All gave him credit for acknowledging his mistake as to night inspection. Some seemed to consider it a tactical move of conspicuous wisdom. They appeared relieved that the questions remaining unsolved leave but little cause for friction. By Monday, it is believed, the situation will have been solved, and no matter whether the House or the President shall get the credit for an effective inspection measure, such a measure, pleasing to both sides, will be ready for consideration. The court review amendment, it is alleged, is not insisted on by the packers. And the civil service amendment, members of the agricultural committee say, went in at the request of Representative Cromer, of Indiana, who was representing Senator Beveridge's interests.

A dispatch was received at the State Department today stating that President Castro will resume the presidency of Venezuela, on July 5. The announcement was made at his summer home at Victoria, Venezuela, his protracted retirement at this place operating to turn the government over to Vice President Gomez

The latest complication in the meat inspection matter has set the date of probable adjournment back several days, according to a good many of the congressional prognosticators. Some of the members and Senators are now figuring that it will be well into July before the gavels fall in the two Houses for final quitting time of the present session. "We will be in Washington until the fourth or the sixth of July, mark my words," said Congressman Curtis, of Kansas, this morning, "but we will enact a satisfactory beef inspection law before we go, and don't you forget it."

The joint statehood bill was today signed by acting President protem Kean, of New Jersey, in the Senate, shortly after it had been received from the House. It goes to the President at once, for his signature.

According to compilations made public at the Bureau of Immigration today, 150,927 immigrants arrived in this country during May. In May, 1905, 127,635 arrived. The number debarred reached 2,238, the largest number for many months, and more than twice the number debarred during May of last year.

Fifty-ninth Congress.

Washington, June 16.

SENATE.

The independent oil operators of the country are continuing their efforts to defeat the provision in the railway rate bill making pipe lines common carriers. Mr. Warner and Mr. Scott offered telegrams in the Senate today stating that the enactment into law of that provision will drive them out of business.

When the Senate resumed consideration of the Lake Erie and Ohio canal bill Mr. Patterson attacked the provision relating to bond issue.

HOUSE.

In the House Chaplain Couden in his prayer, referred touchingly to the serious accident that befell Representative Lester, of Georgia, yesterday.

The conference report on the diplomatic and consul appropriation bill was agreed to.

The House then, in committee of the whole, resumed consideration of the sundry civil appropriation bill.

The President and Mr. Wadsworth.

Chairman Wadsworth, of the House committee on agriculture, made public last night the correspondence between President Roosevelt and himself regarding the meat inspection bill prepared by the committee. The President in his letter says that almost every change in the House amendment was for the worse as compared with the Senate amendment, and, in his judgment, "so framed as to minimize the chance of rooting out the evils in the packing business." In his reply Mr. Wadsworth declares the President is "very, very wrong" in his estimate of the committee's bill, calls attention to provisions in the bill and ends with an expression of regret that the President should feel justified by innuendo, at least, in impuging the sincerity and the competency of a committee of the House of Representatives. "You have no warrant for it," says Mr. Wadsworth.

The President sent another letter to Mr. Wadsworth this morning. Among other things he said:

I wish promptly to acknowledge the one portion of your letter in which you are in the main right. I was in error in the statement, which I accepted from Senator Beveridge, that there was no provision for making the plants accessible at all hours to the inspection. The provision was put in in another place; but it is not as good as the original provision. The court provision is the one in which I most object, although by no means the only one to which I object; it is one of many. As regards this I wish to repeat that if deliberately assigned to prevent the remedying of the evils complained of, this is the exact provision which the friends of the packers and the packers themselves would have provided. It is absurd to assert that any such provision is needed. Why have you not put such a provision in the postoffice law as it affects fraud orders; in the law as it affects fraudulent entries of homesteads, etc.? Congress cannot take away the constitutional right of the packers, or of any one else, to the protection of the courts. But such a provision as that under consideration does not represent a desire to secure the constitutional rights of any man.

Entombed Alive.

A dipatch from Tangier to a London news agency says:

"According to advices from Marakesh, the Cobbler Mesfewi, who had been convicted of the murder of 36 women, whose bodies were found buried under his shop and in his garden, has expiated his crime. Instead of being crucified, as had been intended, at the last moment it was ordered that he be walled up alive. Previous to the final act in the tragedy Mesfewi was subjected to daily floggings. While the masons were working they were surrounded by a mob, who jeered Mesfewi. The first two days of his entombment the cobbler screamed continuously, but the third day the living tomb gave forth no sound. It is presumed the murderer died of exhaustion."

Today's Telegraphic News

Bloodshed Continues.

St. Petersburg, June 16.—Three members of the douma have started for Bialystok for the purpose of inquiring into the origin of the anti-Jewish disturbances there. One of the party is a former procurator, while another is a Jew.

Berlin, June 16.—News has reached Jews here that the bloodshed in Bialystok continues. The official assurances that preventive measures would be taken immediately are misleading, as the local authorities at Bialystok are abetting the onslaught on the Hebrews. According to the news received here the anti-semitic fury of the mob is unprecedented and that it is really another Kishineff massacre. The mere killing does not satisfy the passion of the people, for torture of victims is added. Limbs are chopped off with axes, eyes gouged out, and skulls are battered in with iron rods and hammers. Wounded Jews are left in burning houses and children are thrown from windows. The members of gangs of Jewbaiters have pursued original methods in the killing of Jews. One of the gangs did not mutilate, but suffocated or strangled the victims, while another gang would drown the victims. Women have taken a prominent part in the rioting and Gentile women displayed a remarkable thirst for the blood of the Jewesses. Their excess in their fury are said to have been unspeakable.

Berlin, June 16.—The Vorwaerts states that the banishment of political prisoners in Russia to Siberia is being carried on with even more than usual activity. During the month of May 7,000 exiles passed through Tcheliabsk, a town of Russia on the Trans-Siberian Railway, on their way to Siberia. Jews here positively deny the official Russian statement that the massacres of Bialystok were caused by the act of the Jews in throwing a bomb at a religious procession. The truth is that after the riots had continued for several hours, numbers of young Jews banded themselves together for self defense. One band of eighteen barricaded themselves in a house on the outskirts of the city and defended themselves with guns and revolvers when a mob of 300 rioters attacked the house. The Jews fired from the windows upon the assailants until their ammunition was exhausted. They then threw boiling water and missiles of every sort on the heads of the rioters. The Jews were able to hold out for some time, but the mob after a siege won the victory. The rioters swarmed up the stairs of the house and butchered the defenders. They then went to a neighboring synagogue and killed nine Jewesses who had taken refuge there, murdering them in front of the altar. The German Jewish Association has sent emissaries to Bialystok to investigate the massacres there. A preliminary report from these investigators shows that over 200 persons have been killed and 450 wounded during the outbreaks. Local Jews have assured the emissaries that a complete investigation will show that there was far greater bloodshed than is indicated in this report. They repeat the declaration that the official statement to the effect that Jews started the trouble is a mere trick to hide the infamous anti-semitic outrages.

Warsaw, Poland, June 16. — The massacre at Bialystok continued throughout last night, according to information received here. The mob attacked patrols in the street, and there were many furious fights. The devastation continues uninterrupted. While the fighting was in progress the streets were lighted by the conflagration of Jewish houses which had been fired by the rioters. Many persons were killed on both sides. The suburb of Bojary is reported to have been completely destroyed. The massacre is extending to the neighboring towns of Czarna, Wies, Lapy and Starosielce. It is feared that the growth of the riots will accelerate.

Odessa, June 16.—The Jews in Kishineff, Elizabethgrad, and Krementchug have been thrown into a panic by the reports of the massacres at Bialystok All the shops are closed and the military is patrolling the streets to prevent outbreaks.

Berlin, June 16.—The correspondent of the Lokal Anzeiger at Bialystok states the number of persons killed during the massacre there were six hundred.

St Petersburg, June 16.—There is a presistent rumor in circulation that the Czar has already signed a decree dissolving the Douma, leaving the date of the order blank for the present. All parties have redoubled their activity. Following the lead of the constitutional democrats, who have declared their intention of remaining in session all summer, the labor party has now adopted a resolution declaring that it is impossible for it to rest until land reforms have been obtained.

The financial representative of the Evening Post at Loudon, telegraphs his paper today that the situation in Russia has greatly disturbed financial conditions.

Debs's Savage Speech.

Toledo, O., June 16.—"We shall use peaceful means as long as they are accessible to resist repression and to achieve our complete freedom, but if such means are taken from us, we will not hesitate to resort to those which circumstances may demand." Such was one resolution adopted by a mass meeting of about 1200 people held in protest of the Moyer-Haywood incident in Idaho last night. The meeting was called by the socialists and was addressed by Eugene V. Debs. After delineating the story of the Moyer-Haywood case he made an appeal to the working class to rise and act against the capitalists' advance. In his address he took occasion to pay sarcastic respects to Grover Cleveland, the United States Senate and Judge Grosscup, of Chicago. In speaking of Judge Grosscup he designated him as the man who disgraces the bench today and who was appointed by the influence of George M. Pullman, and was his tool. He called Cleveland "pompus Grover the First," and said that the United States Senate was a body of paid corporation lawyers. The meeting was most enthusiastic and the resolutions demanding a speedy and fair trial of the imprisoned miners or their release, in which the opening paragraph appears, was passed by a standing vote and wild excitement.

Members of Ice Trust Indicted.

Columbus, O., June 16.—The agitation here for the past month on the subject of the control of the ice market and ice prices bore fruit last night, when the grand jury, after a session lasting for more than two weeks, returned eighteen indictments against prominent members of the ice trust. Although the names of the persons and corporations indicted have been withheld from the public pending arrests, it is said that twelve individuals and six corporations have been caught under the provisions of the Valentine anti-trust law, and half a dozen individuals jointly indicted with the corporations on the same charge.

Cloudburst.

Saratoga, June 16.—A cloudburst accompanied by rain, thunder and lightning visited this section for about five hours, beginning shortly after 2 o'clock this morning. Saratoga Lake lowlands cannot be seen, and all other lowlands are submerged from three to five feet. Many bridges disappeared and vast columns of roaring waters gullied rural highways.

Reports of widespread destruction are being received from substantially all the outlying towns. In Saratoga Springs alone the damage will aggregate many thousand of dollars. Several inches of rain fell, furnishing a record that is almost unprecedented for this region.

More Earthquake Shocks.

San Francisco June 16.—Four distinct earthquake shocks were felt in this city and Oakland last night, the first two being felt at 9:30 and the other two at 10:05. No damage was done. The movements were from west and east and were several seconds duration. Oakland felt the shock plainly. The audience at the Liberty threatre, which is supplied with a temporary tin roof, had quite a scare. The audience was frightened, but the leading man reassured them. No one left the playhouse, and there was no further interruption of the performance.

Death of Elderly Woman.

Lynn, Mass., June 16.—After living 104 years during which time she hardly knew what it was to be ill, Mrs. Jane Mansfield, the oldest woman in Massachusettes, died yesterday at her late home, the Graves House, the oldest house in the city. On November 12, 1823, Mrs. Mansfield, then Miss Jane Goodridge, was married to Matthew Mansfield. Her husband died in 1860. Mrs. Mansfield leaves one son and three daughters.

New York Stock Market.

New York, June 16.—There was further depression in the stock market all through the first hour, and prices were generally carried to the lowest range reached so far on this decline. Traders supposed to be well informed, with regard to the source of the selling, said that all indications pointed to James R. Keene as being back of the persistent pressure. In the later dealings the market improved and the prices recovered a large part of the losses sustained in the first hour

Fleets in Mimic Warfare.

Following the declaration of "war" Thursday in London, the two fleets, the "red" (British), commanded by Admirals Sir Arthur Wilson and Lord Charles Beresford, and consisting of 235 warships, and the "blue" (enemy), commanded by Vice Admiral Sir William May, composed of 90 men-of-war, have been actively engaged. The "enemy" lost nine torpedoboat destroyers and a gunboat in the course of an hour's attack on Portsmouth yesterday morning, according to the ruling of the umpires.

The blue fleet's flotilla attempted to rush the boom and blow up the mines in the fairway leading to the warships' anchorage, but the tremendous fire of the defenders, it was estimated, utterly annihilated the flotilla of the blue fleet.

An attack on Sheerness was similarly beaten off, and subsequently the red battleships and cruisers in the Mersey steamed out to try and capture the raiders or drive them back to their base, at Berehaven, Ireland.

The searchlight service appears to have been most effective, giving ample notice of the approach of the raiders.

Mr. Bryan Sails for Stockholm.

William J. Bryan sailed from St. Petersburg for Stockholm, yesterday afternoon. He devoted the last day of his stay in St. Petersburg to a call on Premier Goremykin, with whom he had an hour's talk, and to another visit to the lower house of parliament, where he remained throughout the morning session.

For a time Mr. Bryan was the center of attraction in the lobby of the House, holding a regular reception of members of parliament who were anxious to be presented. Deputations of Jews and Poles wanted him to define his attitude on questions affecting them, and he was besieged by foreign and Russian correspondents anxious to secure his views on the outcome of the parliamentary struggle there.

But beyond an expression of profound interest in the fight the Russian people were making for liberty and the deep impression made upon him by the Russian parliament, Mr. Bryan declined to make a statement.

Meat Killed Kaffirs

A fresh lot of questions relating to the Chicago meat-packing disclosures are being prepared for presentation in the British House of Commons next week. Michael Hicks-Beach, son of the former Chancellor of the Exchequer, will ask War Secretary Haldane to inform the House of the quantity of Chicago canned meat supplied to the troops in South Africa during the late war and what proportion of enteric deaths ought more properly to have been ascribed to "ptomaine poisoning."

Another question is based on the discovery in the dining room of the House of Commons of a box marked "Armour's (St. Louis, Chicago and Kansas City) chickens." Frederick E. Smith, unionist, will inquire what portion of the food supplied to the members of the House comes from Chicago.

There was an incidental mention of canned meats in the course of yesterday's inquiry into the South African war stores scandals. Evidence was given to the effect that army officers sold 20,000 cases of canned meats, including the Armour brand, Helmet brand and Mitchell's brand, to a contractor for 2 cents a pound. The contractor complained that the meats were bad and returned the cases.

The officer who sold the canned meats testified that he subsequently ordered the "filth to be dumped into the sea," and much of it afterward floated ashore and was picked up by Kaffirs, who ate it, with the result that a number of them died of ptomaine poisoning.

Strange Accident.

Col. Rufus E. Lester, representative from the Fifth district of Georgia, was the victim of a strange accident last night, which may cost him his life. In some manner almost unaccountable he fell through a skylight in the cupola of the thirteen story Cairo apartment house on Q street, Washington, 15 feet above the roof, to the twelfth story. In a shower of broken glass his body fell thirty feet, and his right leg was mangled, while his left leg and left shoulder were fractured and his head and body were cut and bruised. He had climbed a ladder to the cupola and squeezed his body through a hole barely large enough to admit a man. Crawling out upon the frail glass work in the darkness, it gave way under his weight. Mrs. E. K. Moore, who resides on the twelfth floor, had just left the elevator and was passing the iron steps when the body fell at her feet. She ran into her room and telephoned for her husband who hurried to the assistance of Col. Lester, and he was removed to his apartments on the third floor. A few minutes previous to the accident Col. Lester had appeared upon the hotel portico, asking for his grandchildren. The conclusion is that Col. Lester thought the children were gazing after Beachey's airship, which visited Washington the other day, and climbed up a steel ladder into the dark cupola, finding the door to the roof garden locked. Out on the skylight, his weight collapsed the structure and the congressman fell to the twelth floor, thirty feet below. He barely missed shooting down the 200 feet shaft in the staircase to the officer floor of the hotel. Col. Lester is sixty-nine years old, and the agility displayed by him in climbing to the loft indicates that he was in excellent physical condition. About five years ago Col. Lester suffered a stroke of paralysis, which caused an impediment in his speech. He has been active in congressional affairs, however, and was not thought to have suffered a great deal on account of the affliction. Yesterday after dinner he was in his usual jovial spirit. At noon today Mr. Lester's condition was reported as slighly improved.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c.

More Vitrified Brick Work.

As will be seen by an advertisement for proposals by Mr. E. S. Leadbeater, chairman of the committee on streets of the City Council, the work of laying vitrified brick on Royal street, between King and Prince will soon be commenced. A movement to this end was made two or three years ago, when the squares on Fairfax and Prince streets were paved by the electric railway company, but the property owners were unprepared for it at that time. All, however, are now willing, and the work will soon be in operation. When this square shall have been completed vitrified brick will extend around the block.

New Rolling Stock.

Two of the seven new motor cars and seven trailers, which the Washington, Alexandria and Mt. Vernon Railway Company has ordered from Philadelphia, have arrived at the power house at Four Mile Run and are being prepared for service. The new cars are numbered twenty-five and twenty-six and are exact duplicates of the motors purchased by the railway company last fall, and which are now in service. They will seat fifty-two persons each. It is understood the other five motors and seven trailers are on their way to the power house from Philadelphia.

Another Fall of Wire.

While an electric train was turning south from King street into Fairfax between 7 and 8 o'clock yesterday evening the wires at that intersection fell. Fire in the meantime flashed from the motor car and people who chanced to be nearby stampeded toward every point of the compass in order to escape contract with the wires. There was a similar accident at that point yesterday morning, and they are becoming common. It was suggested yesterday that the railway company should take immediate steps toward preventing such mishaps before some person is killed.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

John Hamersley, colored, arrested by Constable Payne, of Fairfax county, was detained.

Four men, charged with various misdemeanors, were dismissed.

The schooner Alethea recently hauled out on the marine railway to have her hull caulked and for other repair work was launched yesterday.

Wedding.

The marriage of Miss Harriotte Lee Taliaferro and Mr. Jeffrey Montague, of Richmond, will take place at 8 p. m. this evening at the home of the bride's cousins, Mr. and Mrs. William J. Boothe, on north Washington street. Rev. Thompson Cole, of Ogoontz, Pa., an uncle of the bride, will perform the ceremony. Although the wedding is to be a quiet family occasion, there will be a number of relatives and intimate friends present, chiefly from out-of-town. No cards have been issued to the wedding. Miss Taliaferro is the daughter of Maj. Thomas S. Taliaferro, of Gloucester county, who served the Confederacy under his brother, Gen. William B. Taliaferro, Gen. Jubal A. Early, and Gen. Stonewall Jackson. Miss Taliaferro is a very successful artist. She is not only a very talented, bright and attractive woman, but her beauty and charm of manner make her friends innumerable. Mr. Montague, though born in California, is a thorough Virginian, who has been living for some seven years in Richmond. His father, Edmund C. Montague, served in the Confederate cavalry under Stuart and Fitzhugh Lee, having come from England, where he was at school, to fight in the ranks for Virginia. The groom will be attended by Mr. Henry Carrington, of Richmond, and Mrs. W. J. Boothe will act as matron of honor.

Hardware Store Robbed

The hardware store of James F. Carlins, Sons & Co., on the north side of King street, between Fairfax and Royal, was entered last night and robbed of sixty-two pistols and a quantity of cartridges. The money drawer was broken open, but all the cash had previously been removed by the proprietors and placed in the safe. The thieves entered the store from the cellar window in the alley on the west. The robbery was reported to police headquarters at an early hour this morning and the officers are now endeavoring to locate the stolen property and identify the thieves.

Property Sales.

It is understood that Mr. W. F. Brookes has sold to Dr. W. M. Smith the three lots on the north side of Prince street between Washington and Columbus, fronting 60 feet on Prince street and running back 100 feet, for $3,650.

Contract for Coal.

The city light committee met last night and awarded the contract for the year's supply of coal for the light works to Messrs. W. A. Smoot & Co., the lowest bidders. The prices were for gas coal $3.27 per ton and for steam coal for the electric works $3 20 per ton. These prices are 17 and 12 cents respectively higher than the prices paid last year.

The Market.

There was an average supply of country produce in market this morning. Prices still remained unchanged. An abundance of cherries were on the benches of country people. Strawberries were still in evidence, although the supply had fallen off from the fact that the season is nearing its close. There was an abundance of seasonable vegetables on hand.

TO THE OWNERS OF DOGS!

MAYOR'S OFFICE,
Alexandria, Va., June 8, 1906.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1906,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $1 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two Dogs when owning and harboring more, or who send such Dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 51 of the license law. "On every dog, regardless of sex, one dollar and fifty cents."

Strawberries and Rheumatism

The authority who declared the other day that when the strawberry season arrived there was always an enormous increase in rheumatic suffering and insanity cases did not create the sensation of a beef trust scandle; but probably more people are injured by eating untainted strawberries than tainted meats. Hundreds of thousands of people will eat strawberries this morning and be sick all day, with a rash breaking out on their skins and violent indigestion hammering their insides without ever dreaming that strawberries do not agree with perhaps one out of every two eaters of them, and for legions are rank poison.

Men go on eating foods all through their lives without ever suspecting that they ought to let them alone as they would prussic acid. One who was passionately fond of tomatoes for 30 years suffered all the torments of gout, rheumatism and kindred troubles until a country doctor one day was called in to attend him. The patient swore he was only 10 minutes from the grave and wanted opiates to relieve his dying agonies; the country doctor looked him over and commanded him to cut off his tomatoes. Nothing else. The old sinner is well today, drinking all the rum he wants and eating everything under the sun but tomatoes. Once in a while he gets the idea that his system has become so braced up that it could stand tomatoes, and he eats a dish of them. If he indulges for dinner tonight he will be sick abed in the morning. There was never anything truer said that what is one man's meat is another man's poison, but mighty few people take the trouble to find out which is their poison. Identify your particular poison, each and every one of you, and there will be a big drop in doctors' bills.—[New York Press.

Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the sore ness and swelling to disappear, never to return." Best salve in existence. 25c at E. S. Leadbeater & Sons', Druggists.

A Curious Affair.

When Alonzo Powell, a farmer, of Isle of Wight county, returned home yesterday from Longview he found his wife bound, gagged and unconscious, lying on the floor. She states that a negro unknown to her appeared at the door with his head and body covered with a sheet. She at first thought it was her husband trying to frighten her. The man sprang upon her and choked her until she knew nothing. Robbery seemed to be the motive, for the house was ransacked and some booty carried off. Several articles of value were found in the yard, where they were dropped by the negro.

You cannot induce a lower animal to eat heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with disordered stomach. Try Kodol. Sold by W. F. Creighton & Co., 401 King street.

If Tennis Balls Were Eggs How Careful We Would Be!

Hundreds of families go along every day exercising little or no care in the selection of their household supplies when they ought to be CAREFUL about the quality of goods; CAREFUL to see that the goods are perfect; CAREFUL that the price is not too high; CAREFUL that everything is as represented; CAREFUL that prices are not overstated.

There is one way of getting rid of this care and that is by dumping it all on us. We exercise such care in buying goods ourselves that even

YES, We Probably Have It.

A good many people make the mistake of going to Washington to get something they could buy at home, do not look for it here, just jump to the conclusion that such things are not to be had in Alexandria.

We would like to state to those contemplating purchasing a fine watch, or diamond, or other fine piece of jewelry, clock, silverware, cut glass, etc., that we have a large and complete stock of the above mentioned goods and which we offer at a lower price than is asked for the same goods in Washington.
